FUNDING : Camealeon

ABOUT THE TENDER : CAMEALEON is seeking a consultant to support its research and learning agenda in 2025 through the production of two key deliverables. The second is a Foresight Summary Paper, which will synthesize key findings from CAMEALEON’s research portfolio and provide forward-looking analysis to inform the future of humanitarian cash assistance and its linkages with social protection in Lebanon.

Both papers will be developed by a consultant between September 2025 and January 2026. While much of the work can be conducted remotely through the analysis of existing data, the consultant will be required to be physically present in Lebanon for in-person dissemination and engagement activities. This consultancy offers an opportunity to contribute to timely, policy-relevant research at a key juncture for humanitarian and social assistance in Lebanon.
